Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, cruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Aone, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. LANGFORD AND KETCHEL FIGHT

Both Men Have a Punch and Both Have Many Admirers.

(By Tad.)

New York, Sept. 6.—Who will be favorite in the betting, Langford or Ketchel? If you can tip us off you're a bear. Ketchel's friends says that as Langford couldn't put poor Ross out before four rounds that he has no chance, as he went 20 rounds with Jim Barry; that Ketchel can go 150 with him; that as Joe Jeanette could go 12 and have a share, Ketchel will tear him into bits.

COBB IS MERELY PLAYING TO WIN

Bob Unglaub Challenges Any Man to Show Where Tiger Star Tried to Get Him.

St. Louis, Sept. 6.-So much is being printed about Ty Cobb's alleged un-fair tactics, Bob Unglaub has come to the defense of the daring Tiger. "It may look as though Cobb was a dirty player to some folks," said Bob, "but it is my honest opinion that he never thinks of putting the spikes to one who seeks to block him. He thinks only of getting to a bag. He takes ten chances to the average player's one, and he runs like the wind. He goes to a base feet first just as any one else, but he slides with such terrific force and speed that the one who tries o stop him is likely to get into trou-
